TANYA SINGH CHAUHAN

Learning and Unlearning. Creating Impact

My Journey So Far

2022
B.COM

2022–23
CAT + OMETS PREPARATION

2023–26
FAMILY BUSINESS
+ UPSKILLING

2026–Present
PGDM @ FIIB

After completing my B.Com in 2022, I spent the next phase preparing for CAT and OMETS while exploring my path towards management education. I then took on an active role in my family's reading-room business, gaining hands-on exposure to operations, people and decision-making, while simultaneously upskilling through Excel, Power BI, Business Analysis and other certifications. Today, my PGDM at FIIB is allowing me to build on that practical foundation and explore how I can contribute at the intersection of people, business and problem-solving.

PEOPLE × BUSINESS × PROBLEM-SOLVING

EXPERIENCE

Family Business Experience

Surya Library
Reading Room | Kanpur

What I handled

- Managed day-to-day operations of a 180-seat reading facility
- Coordinated staff and customer requirements
- Handled operational decisions and issue resolution
- Managed electricity/utilities and facility-related expenses
- Interacted directly with customers and understood their expectations
- Worked with limited manpower to keep daily operations running smoothly

BUSINESS ANALYSIS SIMULATION

[View Project →](#)
[View Wireframes →](#)

Procurement Process Automation Project

THE PROBLEM

Fragmented, manual procurement processes leading to approval delays, errors and limited visibility.

MY APPROACH

Analysed the BRD & mapped stakeholder workflows

Converted requirements → user stories → acceptance criteria

Translated requirements into a visual system concept

WHAT I WORKED ON

- 17 user stories + Given-When-Then acceptance criteria
- Requiflex wireframes designed from scratch
- Final presentation of the proposed solution

WHAT I LEARNED

- How to translate business needs into clear, testable system requirements
- How business analysis connects process, technology & user experience

E-PORTFOLIO 2026

PROJECTS THAT CHANGED HOW I THINK

Three projects that helped me connect classroom concepts with people, consumers and real business decisions.

People

01 MANAGERIAL REALITIES

Human Behaviour in Organisations

Consumers

02 REAL-WORLD BRAND POSITIONING AUDIT

STP | Infant & Baby Category

03 NUTCREST GLOBAL FOODWORKS

Managerial Economics

Business

01

MANAGERIAL REALITIES

Human Behaviour in Organisations

Worked on:

Conducted 8 industry interviews and compared managerial perspectives on teamwork, motivation, conflict and managerial skills with QB concepts.

Learned:

Theory provides a framework, practice requires adapting it to people and context.

View Project →

02

REAL-WORLD BRAND POSITIONING AUDIT

STP | Infant & Baby Category Marketing–In–Practice

Worked on:

Visited Mothercare, Mi Arcs & FirstDry at Ambience Mall, analysing store environment, pricing, assortment, customers and communication to connect field observations with brand positioning.

Learned:

Positioning is experienced through what the consumer sees, feels and encounters.

View Project →

03

NUTCREST GLOBAL FOODWORKS

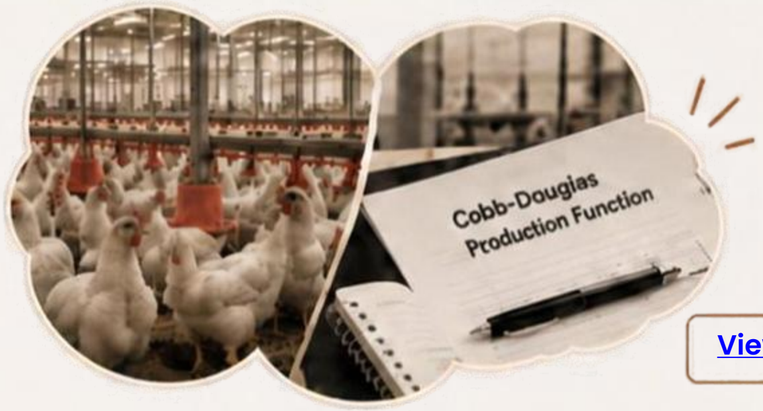

Managerial Economics

Worked on:

Studied a commercial poultry farm through field observation and owner interaction, analysing labour, capital, technology and production using the Cobb Douglas framework.

Learned:

Economic concepts became practical when applied to resource allocation and production decisions.

SKILLS I'VE BUILT

A mix of business understanding, analytical thinking and people skills

BUSINESS & ANALYTICS

Excel • Power BI • Business Analysis • Process Mapping

PEOPLE & MANAGEMENT

Stakeholder Interaction • Team Coordination • Conflict Handling • Decision-Making

MARKETING & CONSUMER

STP • Consumer Insights • Brand Positioning • Journey Mapping

COMMUNICATION

Presentations • Research • Interviewing • Report Writing

Built through:

Family Business • Certifications • Business Analysis Simulation • Academic Projects • Fieldwork

Why Me I Where I'm Headed

Resilience

Adapted through setbacks, change and new challenges while continuing to move forward.

Ownership

Take responsibility and follow through, shaped by my family business experience.

People Understanding

Interested in how people think, communicate and work within organisations.

Analytical Curiosity

Enjoy breaking down problems and connecting concepts to real business situations.

Where I'm headed

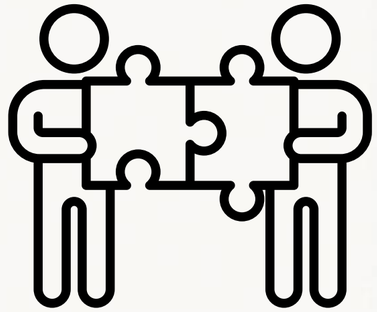

Building a career in HR and people-focused business roles, combining people understanding with business thinking.

What I seek from CMP:

Industry exposure • Mentorship • Practical learning • Personal growth

LET'S CONNECT.
